(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the circumstance reported to the Commissioner.

(5) Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(6) *No candidate will, on any account, be allowed to take into the examination room ink, slates, books, manuscripts or papers of any kind.* Any one detected in the violation of this rule, or having recourse to any unfair practices, will be removed from the room, and the occurrence reported to the Commissioner. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

(7) Candidates whose names are not on the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(8) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(9) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(10) Any papers sent up without the candidate's name and number affixed will not be valued.

(11) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(12) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

## TEACHERS' CERTIFICATES OF THE ELEMENTARY AND SECONDARY GRADES.

It is hereby notified that the revised form of Teacher's Certificate with register, sanctioned in G.O. No. 610, Educational, dated 28th May 1914 (see notification in the *Fort St. George Gazette*, dated 23rd June 1914, pages 418 and 419) will be adopted in future, beginning with the students who complete their training course in March 1916.

Every student shall, on entering a Training school, be provided with a blank certificate form to be kept in the custody of the school. The entries in the register for each term will be made in due course by the Headmaster. The price per form will be two annas.

It will obviously be necessary to take the utmost possible care to preserve the certificates from loss, injury or destruction. Headmasters will do well to maintain at the same time books with duplicate entries in case a register should be lost.

Under no circumstances should pages be removed or erasures be made. Any alterations that may be necessary should be legibly signed and dated by the Headmaster, as any alterations may clearly become the subject of future enquiry. Erasures and unauthenticated or fraudulent alterations will lead to the cancellation of the certificate.

No second certificate form shall on any account be issued to a student without the clearest possible evidence of accidental loss or destruction.

Should occasion arise for the transfer of a student from one Training school to another, the register should be transferred to the Headmaster of the school joined. Transfers will be permitted only on the completion of the term in which the transfer is applied for. All applications for transfer should be made to the undersigned by the head of the institution, who should explain fully how the necessity of the transfer has arisen.

At the end of the prescribed course and not later than the 15th April of each year, the Headmaster shall submit to this office the registers of such of his students as have sat for the Preliminary Examination for Teachers' Certificates.

*The Preliminary Examination for Teachers' Certificates.*

The Examination will be held in March of every year at such places and on such dates as may, from time to time, be notified.

A list of the students to be presented must be submitted by the Headmaster, to this office in the prescribed form, not later than the 10th January of the year of the examination. Application for forms should be made to this office after the 15th November of the preceding year. Applications should be accompanied by treasury receipts for the fees paid. The fees are Rs. 5 in the case of a candidate for a certificate of the Secondary grade and Re. 1 in the case of candidates for certificates of the Elementary Higher and Lower grades. A fee once paid will, under no circumstances, be refunded.

Headmasters are requested to take particular care to see that each student is eligible to appear for the examination. No candidate shall be considered eligible unless he has put in the required attendance, *i.e.*, 75 per cent. of the working days previous to the 31st December of the year preceding that in which the examination is to be held. Particularly hard cases of shortage in attendance will be considered on their merits. Applications for exemption should reach this office on or before the 5th January of the year of the examination, and examination fees should not be paid into the treasury until permission is granted to the student to appear for the examination. To present a candidate for examination will be regarded as a declaration on the part of the Headmaster that in his opinion the student will by the end of the school year have completed satisfactorily the prescribed course of study.

The Inspector of European and Training Schools will determine which of the candidates shall be declared to have passed the examination, and will publish their names in the *Fort St. George Gazette*. They will then be called probationary trained teachers and shall be considered for all purposes of the Public Service Notification, the Madras Educational Rules, and the Grant-in-Aid Code as trained certificated teachers of their respective grades for three years from the 1st January of the year after that in which they appeared for and passed the Preliminary Examination.

A candidate who fails in the Preliminary Examination may be allowed to appear at a part of the whole of the subsequent examination without further attendance at a training school, or may be required by the Director to attend a training school for some specified further period either with or without a stipend or on payment of a fee.

The marks obtained at the public examination out of a maximum of 100 for each subject will be entered by the Inspector of European and Training Schools on page 12 of the certificate, and he shall be competent to moderate the marks obtained.

The certificates thus filled in and completed shall be returned to the Headmasters of each school for delivery to the students.

The registers of failed candidates will remain in the custody of the Headmaster.

The subjects of examination will for the present be the following :—

(1) First Language.
(2) Arithmetic and Experimental Geometry.
(3) Elocution.
(4) Drawing and Black Board Work.
(5) Needlework (Women).
(6) Physical Training.
(7) Organization and Discipline.*
(8) General Principles of Education.*
(9) Methods of teaching subjects.*

*Final Examination.*

Applications for admission to the Final Examination should be made to the Circle Inspector or Inspectress concerned and not to the Inspector of European and Training Schools. A treasury receipt for the payment of Rs. 2 in the case of Secondary and Re. 1 in the case of Elementary candidates should accompany each application.

* For Secondary grade candidates only.

## MADRAS CENTRAL URBAN BANK.

REPORT ON THE WORKING OF THE BANK BY M.R.Ry. P. K. KUNHUNNI MENON AVARGAL, B.A., SPECIAL DEPUTY COLLECTOR FOR CO-OPERATIVE SOCIETIES, MADRAS, REF. ON A. C. No. 157, DATED 8TH AUGUST 1915.

I have the honour to report that I audited the accounts of the Madras Central Urban Bank, Limited, No. 16, for the co-operative year ending 30th June 1915, assisted by the City Inspector M.R.Ry. B. Krishnaswami Ayyar.

2. *Members.*—At the beginning of the year the Bank had 300 members on its rolls. There were 18 admissions in the year: of the new members four were brought in as representatives in interest of deceased members and the remaining nine as transferees. Eight names were removed from the roll, four having died and four having transferred their shares. The number of members at the end of the year was thus 305.

3. *Share capital.*—The paid up share capital at the beginning of the year was Rs. 2,00,000. A sum of Rs. 600 was received for shares and a similar amount was paid off during the year. The liability of the Bank under share capital amounted to Rs. 2,00,000 at the end of the year.

4. *Fixed deposits.*—The Bank held at the beginning of the year fixed deposits amounting to Rs. 20,10,068-14-0 and it received and paid off Rs. 12,64,513-7-7 and Rs. 11,65,361-11-1 respectively during the year. The total liability under this head at the end of the year was Rs. 20,79,040-11-0. The transactions under this head are on the increase and this is a satisfactory feature in the working of the Bank.

5. *Current account with the Bank of Madras.*—The Bank had, as in the previous year, current account transactions with the Bank of Madras. The sum outstanding at the beginning of the year was Rs. 2,13,580-8-9. The amount drawn during the year was Rs. 15,96,471-0-10, against Rs. 17,80,289-5-3 in the previous year, and the amount paid off during the year was Rs. 19,68,742-3-2 against Rs. 16,15,990-7-7 in the year 1913-14, while the outstanding liability at the end of the year was only Rs. 1,43,308-14-5 under this head of transaction.

6. *Current deposits.*—The current deposits of members and non-members at the beginning of the year was Rs. 1,73,808-11-7. A sum of Rs. 19,31,416-4-6 was received and a sum of Rs. 19,37,637-4-6 was paid off during the year. There was thus a liability of Rs. 1,67,607-11-7 under deposits at the end of the year. The transactions under this head also showed an increase in the year under report.

7. *Recurring deposits.*—The sum outstanding at the beginning of the year was Rs. 13,411. The amount received during the year from members and non-members was Rs. 14,636. The amount paid off during the year was Rs. 9,176, resulting in an outstanding balance of Rs. 18,871 at the end of the year.

8783-A/15

8. *President deposits of the establishment of the bank.*—The amount to the credit of this fund at the beginning of the year was Rs. 1,718-7-7. A sum of Rs. 1,249-13-5 was received during the year and Rs. 254-0-9 was paid to members of the establishment who had left the service of the Bank. The sum outstanding at the end of the year was Rs 2,712-4-3

9. *Reserve funds of societies.*—The amount of deposits under this head at the beginning of the year was Rs. 2,04,987-4-10; Rs. 61,180-3-2 and Rs. 15,687-10-3 were received and paid off respectively during the year, and there was an outstanding liability of Rs. 2,50,469-13-9 at the end of the year. The creation of new District Banks necessitated the transfer to those banks of reserve fund deposits held in favour of the societies, which the new banks undertook to finance, and the amount of Rs. 15,687-10-3 shown as "paid off" represents those items.

10. *Interest.*—The Bank paid interest varying from 2½ to 6 per cent. per annum on deposits and other borrowings raised by it. The amount actually paid by the Bank during the year was Rs. 1,47,861-11-9 and that accrued and pending payment at the end of the year was Rs. 58,339-8-0. The amount of interest pending payment at the close of the previous year, viz., Rs. 62,030-11-0, being deducted from the total of the above sums, the sum debitable to the profit and loss account of the year under report was Rs. 1,44,141-8-9.

11. *Other items.*—The Bank received during the year Rs. 1,105-3-2 as penal interest as against Rs 1,034-9-3 in the previous year, Rs. 2,480 as interest on the Reserve Fund of the Bank, Rs. 4,492-8-0 as interest on Government pro-notes, Rs. 3,500 as interest on the investment of Rs 50,000 in the Burma Bank, and Rs. 127-1-6 as commission for the safe custody of deposit receipts granted by the Bank. The transfer fees and the miscellaneous income,—entrance fees, sale of Pass books, etc.,—amounted to Rs. 81 and Rs. 18-15-0 respectively.

12. *Loans.*—The Bank had at the beginning of the year no outstanding of Rs. 65,675-8-6 due from members, Rs. 26,10,321 due from co-operative societies and Rs. 1,59,629-15-10 due from Central societies. During the year Rs. 48,743-8-11 was issued as loans to members, Rs. 6,84,181-3-0 to societies and Rs. 68,720-15-8 as loans to Central societies. The sums repaid during the year were Rs. 24,850 by members, Rs. 4,48,172-8-0 by societies and Rs. 2,05,599-15-11 by Central societies. The total outstanding was Rs. 27,58,031-10-2 at the end of the year.

13. *Interest charged by the bank on loans.*—The rates of interest charged on loans were as follows:—

Loans to societies at 7½ per cent per annum; to Central societies 6½ and 7 per cent. and to members 7 per cent. The amount realised under this head during the year was Rs. 1,91,156-7-7 and that accrued and pending realisation at the end of the year Rs. 72,585 12 4. The total amount of interest accrued and realised in the year was thus Rs. 2,63,622-3-11. Rs. 68,276-14-1, the amount pending realisation at the close of the previous year being deducted from the above sum, the amount creditable to the profit and loss account was Rs. 2,95,231-5-10. The sum overdue at the end of the year was Rs. 35,828.

14. The Bank purchased Government pro-notes of the face value of Rs 25,000 at a net cost of Rs. 23,568-8-0 during the year. Thus, together with the securities already purchased, the Bank held at the end of the year Government pro-notes of the face value of Rs. 1,40,000, the net investment value being Rs. 1,35,312-13-8.

15. *Establishment charges.*—The charges incurred during the year amounted to Rs 10,720-9-8 as against Rs. 8,274-7-7 in the previous year. The increase was due to the entertainment during the year of three Inspectors for the collection of Bank's dues and to the grant of increment in pay to the Secretary and Assistant Secretary. No amount was pending payment at the close of the year.

16. *Contingent charges.*—A sum of Rs. 3,716-13-6 was spent during the year, the amount spent in the previous year being Rs. 4,482-15-3. All the vouchers were checked and the expenditure was found quite reasonable.

17. *Furniture.*—The Bank purchased furniture during the year at a cost of Rs. 283-4-6. The net value of the furniture at the beginning of the year was Rs 735-15-3, but a sum of Rs 191-14-0 was written off as depreciation. Rupees 827-5-9 was thus left as the net value of the property at the close of the year under report.

18. *Rebate to unions.*—A sum of Rs. 979-1-16 was pending payment at the beginning of the year and that payable for the year under report was Rs. 1,693-9-2. Deducting Rs 679-1-16 from the total, being the amount paid during the year, the sum to be debited to the profit and loss account of the year under report was Rs. 1,693-9-2.

19. *Law charges.*—A sum of Rs. 51-13-3 being the consultation fees to vakil and other preliminary expenses incurred to file suits against certain societies, was written off as the amount was not recoverable.

20. *Net profit.*—The net profit of the Bank during the year amounted to Rs. 56,864-10-2. Under by-law, 17 of the Bank, one-fourth of this, viz., Rs 14,216-10-7, has to be carried to the credit of the Reserve fund and the balance is available for distribution as dividend and bonus or otherwise as may be decided at the annual general meeting. Besides, a sum of Rs. 4,942-7-0 is available for distribution out of the profits of the previous years.

21. *Reserve fund.*—The amount of Reserve fund of the Bank as the last day of the penultimate year was Rs 62,000. Last year's audit order authorised an addition of Rs. 13,354-10-0 and the Bank added into it Rs. 645-6-0 from its profits. The total amount to the credit of the Bank on the last day of 1913-14 as Reserve fund was Rs. 76,000. The amount which has to be credited to the Reserve fund this year being Rs. 14,216-10-7, the total Reserve fund of the Bank on the 1st July 1915 was Rs. 90,216-10-7.

22. *Meetings.*—During the year the Bank convened one general and 24 Directors' meetings and no meeting had to be postponed for want of quorum. Each Director received a sitting fee of Rs. 16 per meeting as usual.

23. *Account books.*—The accounts of the Bank are well maintained and most of the errors noticed at the audit were rectified in the course of the audit. There are a few outstanding objections which have yet to be cleared and a list of them is enclosed.

24. The high level of efficiency in the management of the Bank's business has been well kept up by the Secretary and his Assistant and I would, before concluding this report, acknowledge with thanks the willing and valuable help rendered to me by Mr. V. C. Rangaswamy Ayyangar, B.A., the Secretary of the Bank, in the course of the audit.

AUDIT ORDER BY THE Hon'ble Diwan Bahadur L. D. SWAMIKANNU PILLAI AVARGAL, M.A., B.L., I.E.S., REGISTRAR OF CO-OPERATIVE SOCIETIES, CHEPAUK, MADRAS.

The accounts of the Madras Central Urban Bank, Limited, No. 78, for the co-operative year ending 30th June 1915, were audited in detail by the Special Deputy Collector M.R.Ry. P. K. Kunhunni Menon Avargal, B.A. Statements showing (1) Receipts and Disbursements (2) Profit and Loss for the year, and (3) Assets and Liabilities, as they stood on 30th June 1915, have been furnished by him.

2. During the year under review, the Bank earned a net profit of Rs. 28,856-10-2. Under by-law 17 of the Bank, one-fourth of the net profit, viz., Rs. 14,216-10-7, should be carried to the credit of the Reserve fund. The Bank is requested to invest this sum in the Bank of Madras. With this amount, the total reserve of the Bank will amount to Rs. 99,216-10-7. The remaining three-fourths, viz., Rs. 42,649-15-7, will be available for distribution as dividend, bonus or otherwise as the Bank may decide.

3. The deposits held by the Bank (including the overdraft from the Madras Bank) rose from Rs. 26,17,030 on 30th June 1914 to Rs. 28,83,000 on 30th June 1915. The interest paid on borrowings during the year was Rs. 1,47,891-11-6 against Rs. 1,23,225-6-1 in the previous year. Loans disbursed to societies during the year were Rs. 6·53 lakhs (to Central Societies Rs. ·89 lakh, to other societies Rs. 5·64 lakhs), against Rs. 8·10 lakhs in the previous year and those repaid by them were Rs. 6·14 lakhs (Rs. 2·06 lakhs by Central Societies and Rs. 4·08 lakhs by other societies) against Rs. 4·17 lakhs in the previous year. The amount of loans due from societies and members was Rs. 27·38 lakhs on the last day of the year 1914-15, against Rs. 27·36 lakhs on the last day of the previous year.

4. Out of a demand of Rs. 3,93,968 (loans due from societies) the Bank was able to collect Rs. 3,08,140, leaving a balance of Rs. 85,828 uncollected on 30th June 1915. The corresponding figures for the previous year were Rs. 5,37,100, Rs. 4,75,694 and Rs. 61,506 respectively. (The amounts for which extensions were or could have been granted, have been excluded from the latter figures.) The amount of interest which was overdue and pending collection from societies on 30th June 1915 was Rs. 27,593-14-6 against a demand of Rs. 2,18,730-6-1. The Registrar is convinced that but for the entertainment of two Bank Inspectors during the year under review, the arrears would have been more.

5. The total amount of loans repaid to the Bank by societies other than Central Banks, was, according to the statement of receipts, Rs. 4,49,172-3-0, against Rs. 3,88,874 in the previous year. Collections from primary societies were, therefore, really better in 1914-15 than in 1913-14, but for the purposes of the Demand, Collection and Balance-statement, only Rs. 3,08,140 was taken credit for as collections against Rs. 4,75,694-13-1 in the previous year. The balance of collections in 1914-15, not taken credit for in the Demand, Collection and Balance statement, represents advance collections. Up to 1913-14 inclusive, the whole of a society's outstanding debt, less only extensions actually granted, was reckoned as a demand against the society, and all amounts actually paid by it, provided any instalment was due, and including payments in excess of any instalment due for the time being, were taken as collections against the demand, advance collections being understood to be only those collections which were made in advance of the first instalment (*e.g.*, within the first two years after a loan advanced by the Madras Central Urban Bank). In this way the advance collections of the Madras Central Urban Bank for the year 1913-14 were returned in the auditor's report as Rs. 51,295, whereas in 1914-15 the advance collections were Rs. 3,70,482-3-6, of which a little over one-third must have been advance payments by primary agricultural credit societies. Only the instalment due in 1914-15 was taken as the demand for that year and all collections from a society in excess of the demand in this sense were treated in the present audit as advance collections.

6. An uncollected balance of Rs. 85,828 out of a demand (limited to the instalment due for a single year) of Rs. 3,93,968 means overdue arrears to the extent of 21·72 per cent. The Registrar's observations on the state of arrears in his audit order for 1913-14 were the subject of adverse comment in the Chairman's speech at the general meeting which considered the annual report and audit order for that year. The Registrar was there charged with pointing out "an imaginary evil"; at the same time the Directors of the Bank, in compliance with the Registrar's advice, appointed three Inspectors to collect arrears. More recently, the Directors have written to the Registrar (letter, dated 28th April 1915) stating: "The Board of Management would further like to point out that they never undertook to appoint Inspectors in any particular district or districts, and the continuance of the present three Inspectors will form the subject of consideration at an early date."

7. On the subject of overdue arrears of primary societies and the mode of collecting them, the Registrar earnestly commends to the shareholders of the Madras Central Urban Bank a perusal of paragraph 151 of the Report of the Committee on Co-operation: "In cases where a society fails to recover satisfactorily its loans to its members and on this account delays its repayments to the Central Bank, it is the duty of the Central Bank to use all legitimate pressure to recover its own dues. When it has exhausted its own means of recovery, and not till then, it may apply to the Registrar under section 36 of the Act for an enquiry, and if the enquiry shows such a course to be necessary, the Registrar may proceed to liquidate the defaulting society . . . . . At the same time

applications for an enquiry under section 36 should not be used in order to bring official pressure to bear on societies, in place of unofficial, and when the applications of Central Banks under this section are found to have been unnecessary, the applicant should be freely mulcted in costs by the Registrar."

8. The Registrar has no wish to see the Committee's report for the purpose of impeaching past action by the Madras Central Urban Bank. The impeachment, if made, would have to be directed against the Registrar himself for having assisted Central Banks in the past in directions and in ways not approved by the Committee; *e.g.*, in preparing the valuation register of societies and assessing their credit (apart from fixing their maximum borrowing power), in recommending societies for loans to the Central Bank (paragraph 14, page xxi, and paragraph 143, page 83), and in dunning societies for repayment of overdue instalments (paragraph 80). It is obvious that the Committee would not approve of the Registrar doing what the Chairman of the General Body meeting of the Madras Central Urban Bank, in his speech already referred to, exhorted the Registrar, by adducing example as well as precept to do, viz., to use his "personal influence," "to induce a society . . . . . to pay a substantial sum towards the repayment of its loans and to promise to behave with promptitude and regularity in future." All this will, it is hoped, become obsolete precedent, when the Committee's report begins to be understood and acted upon, and it behoves the shareholders of the Madras Central Urban Bank to take thought and consider, in the light of the Committee's recommendations, what measures should be adopted to prevent the accumulation of arrears against primary societies. Up to recently, when three Inspectors were appointed by the Central Bank to bring pressure to bear upon defaulting societies, it was not the practice for the Bank to take any special steps for checking the growth of arrears. Formal enquiry under section 36 of the Act was not asked for except in one or two isolated cases; liquidation was not thought of in the case of any society financed by the Madras Central Urban Bank; and all that was done by the Bank was to inform the Registrar of the names of defaulting societies and the amount of default and leave him to use "his personal influence," etc.

9. Recent correspondence between the Directors of the Bank and the Registrar shows that the Directors are dissatisfied with the experiment of employing their own Inspectors and possibly contemplate discontinuing the experiment. After all that has been said in the Committee's report about the duty of Central Banks to adopt the necessary remedial measures for the realization of their dues, the Registrar does not wish to offer specific advice in the matter. The shareholders of the Madras Central Urban Bank comprise the *elite* of the educated classes of the Madras Presidency, and it should not be difficult for them to devise specific measures. the Registrar only requests them to read and digest the Committee's report before deciding on the action to be taken.

10. The duty of the Madras Central Urban Bank to ensure the prompt collection of dues from primary societies is quite independent of the possibility and the desirability of that Bank being converted into a Provincial Bank for the Madras Presidency, a subject repeatedly adverted to in the Committee's report. It is also independent of the function of supervision and control of affiliated societies by Central Banks—a function from which the Committee would exempt the Madras Central Urban Bank in view of its doing business over too large an area (page 20 of report, paragraph 33). In the opinion of the Registrar, the Madras Central Urban Bank, though it cannot directly supervise primary societies in four or five districts at once, could, by contributing towards the cost of supervision by District Banks or District Unions in areas still financed by it, achieve a double object, viz., ensure promptitude in the repayment of loans by societies indebted to it, and also fulfil the object with which the Madras Central Urban Bank was started by gentlemen who, in the words of the First Registrar, proposing the registration of the Bank (*vide* his letter to the Board of Revenue dated 19th September 1905) "*had been influenced much more by a desire to facilitate the organization and working of Co-operative Credit Societies in the mofussil than any profit they were likely themselves to derive from the business.*" This is precisely what the Committee, the Government, and the public expect from Central Banks.

11. It seemed to the Registrar that, though the questions of collecting dues from, and of supervising, affiliated societies, were independent of each other so far as the Madras Central Urban Bank is concerned, the former being a banking, the latter a co-operative question, still it was possible for the Madras Central Urban Bank to solve the first problem for itself, and the second for District Banks in areas financed by it, by allowing the new District Banks an adequate rebate to compensate them for the trouble and expense of supervision which they, and not itself, could undertake. In the case of the Chingleput district, the Registrar proposed that the Madras Central Urban Bank, which has outstandings there to the extent of Rs. 10 lakhs, should allow the recently formed Chingleput District Banking Union, which is prepared to undertake supervision, a rebate equivalent to 1/15 of the interest collected on outstanding loans in the district in favour of the Madras Central Urban Bank: in return for this rebate, the Chingleput District Banking Union would itself bring pressure to bear on defaulting societies and ensure the prompt collection of dues, thereby relieving the Madras Central Urban Bank of the necessity of entertaining a separate staff for the purpose. The Registrar hoped, if this proposal commended itself to the Madras Central Urban Bank, to make similar arrangements in regard to other districts financed by the Central Urban Bank, more especially Anantapur, North Arcot and South Arcot. The gradual transformation of the Madras Central Urban Bank into a Bank dealing with District Banks instead of with primary societies, which underlay these proposals of the Registrar, is precisely the scheme of an Apex Bank, which has since been promulgated in definite terms in the Committee's report.

12. The Registrar's overtures have so far been met by the Directorate of the Madras Central Bank with what amounts practically to a negative answer. In reply to these overtures, the Directors offered to assign societies' bonds in the Chingleput District to the district Banking Union on condition that the latter owned a share capital of rupees one lakh, paid up, and on condition of the Reserve fund of societies in the Chingleput district remaining invested with the Madras Central Urban Bank. The destination of the Reserve Fund of Co-operative societies is a matter which has to be determined by the Local Government's rules under Act II of 1912, and does not fall within the sphere of negotiations between the Madras Central Urban Bank and the Chingleput District Banking Union. The Directors of the Madras Central Urban Bank chose to treat the question of rebate in return for supervision, as a question of assignment of bonds of primary societies to the District Banking Union; overlooking, (1) that such an assignment was not proposed, except as a possible alternative, by or on behalf of the District Banking Union, and (2) that in the event of the District Banking Union

possessing a paid-up share capital of one lakh of rupees, it would be in a position at least half as good as that of the Madras Central Urban Bank itself, and would be under no necessity of taking over bonds of primary societies, good, bad and indifferent, at 7 per cent.

13. Viewed in the light of the recommendations of the Committee on Co-operation, the above negotiations may be considered to belong merely to the transitory stage of the Madras Central Urban Bank, while it is on the road to become an Apex Bank. But in any case, the security of the investments of the Madras Central Urban Bank in this transitory stage has to be carefully provided for; because, apart from the recommendations of the Committee, the policy of starting new District Banking Unions must be continued in order to comply with the intentions of Government and the best interests of the Co-operative movement. Long term loans advanced by the Madras Central Urban Bank to agricultural primary societies are generally advanced for ten years at a time, and if during the currency of the ten years, a district hitherto financed by the Madras Central Urban Bank comes within the operations of a new District Banking Union, the supervision of societies in such a district to which the Madras Central Urban Bank has advanced loans is of vital interest to that Bank, and it is also interested in making arrangements for such supervision being undertaken by the new Banking Union or other agency. Under the conditions contemplated in the Committee's report, this problem has to be faced pointedly in regard to the Chingleput and Ramnad districts. Further, when District Banking Unions are formed and are in operation in the districts now financed by the Madras Central Urban Bank, more especially, Chingleput, Anantapur, North Arcot and South Arcot, the Madras Central Urban Bank must either give up future financing operations altogether, or assume the position of an Apex Bank as defined in the Committee's report. The Registrar is anxious to see that the latter alternative is realized, but he has not been able to get the Directorate of the Madras Central Urban Bank to see eye to eye with him in this matter. It may be that the Directorate may have a third solution to offer to the shareholders, but the Registrar is unaware of a third possibility.

14. There is nothing in the condition of the Madras Central Urban Bank calculated to alarm any shareholder and it is therefore that the Registrar has thought fit to set out the issues without any reserve. Some bad securities—about 110 for the whole of the Presidency and 80 for the area financed by the Madras Central Urban Bank—will have to be liquidated before long. The Registrar does not anticipate any difficulty in eventually recovering the Madras Central Urban Bank's dues in the 80 cases, provided the Bank adopts the precautions which any creditor would ordinarily do. In certain of these cases the Registrar would advise that suits should be filed against the defaulting societies by the Central Banks concerned. Where the defaults of a society are traceable to the default or dishonesty of a small number of individual members, generally members of the panchayat, it will obviously be the best course for the Central Bank to sue the society with the consent of the Registrar and get the property of the defaulting members attached quickly so as to preclude its alienation to third parties. An order for liquidation by the Registrar cannot take effect for two months after it is passed, and there may be cases in which the Central Bank's interests might be imperilled by even two months' delay and in which a suit would obviously be the quickest remedy. In other cases, that is, where a society's default is traceable to a number of petty defaults by many members—this is not the ordinary case, however,—liquidation would be the proper course to adopt first, and the Registrar would not counsel a suit in such a case. The rather broad *dictum* on the subject in paragraph 751 (page 87) of the Committee's report must be taken with obvious qualifications and in any case, while it is the bounden duty of the Registrar to liquidate a thoroughly bad society, it is for the shareholders to consider what further action will be necessary in their interests. The Committee say "the procedure laid down in section 38 is specially provided to serve as an alternative to Civil litigation and with the power in reserve, we can see no justification for the institution of proceedings by a Central Bank against a society in the Civil Courts." The Committee are obviously referring to cases in which Central Banks might wish to forestall liquidation by the Registrar, not to cases in which the Registrar himself counsels the filing of a suit as a preliminary to liquidation. In the Chairman's speech already alluded to, the Registrar was taken to task for tendering such advice in a particular case, but the advice was tendered in the best interests of the shareholders of the Madras Central Urban Bank, and should circumstances warrant such a procedure again, the Registrar will not hesitate to repeat the advice. The Salem District Bank has adopted the advice in two or three cases which arose in that district, and the results have been satisfactory to all concerned. The Registrar would add that the risk of using the principle of unlimited liability as a pretext for selling up innocent members of primary societies ought to be guarded against in such cases, and in the cases alluded to in the Salem district the interests of innocent members were effectually safeguarded.

15. The Registrar regrets the length to which this audit note has run; but having in view the far-reaching changes in the constitution of the Madras Central Urban Bank which are contemplated in the Report of the Committee on Co-operation, and the desirability of bringing the impending changes to the notice of the shareholders as early as possible, the Registrar thought it best to state his views in the matter, subject always to any orders that Government may be pleased to issue hereafter on the subject.

## MADRAS POST AND TELEGRAPH CO-OPERATIVE CREDIT SOCIETY, LIMITED, No. 1031.

AUDIT ORDER BY THE HON'BLE DIWAN BAHADUR L. D. SWAMIKANNU PILLAI, AVARGAL, M.A., B.L., I.L.S., REGISTRAR OF CO-OPERATIVE SOCIETIES, CHEPAUK, MADRAS.

The accounts of the Madras Post and Telegraph Co-operative Credit Society, Limited, No. 1031, for the co-operative year ending 30th June 1915, as audited by Inspector M.R.Ry. K. Vedachala Ayyar, are passed. The usual statements (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as they stood on 30th June 1915 are appended to this order.

2. During the year under review, the transactions of the society increased considerably in all directions. The number of members rose from 171 at the beginning of the year to 257 at the end; the share capital from Rs. 2,621-8-0 to Rs. 4,771-8-0, and fixed deposits from Rs. 2,700 to Rs. 7,360; a sum of Rs. 24,963-2-9 in 387 loans was disbursed during the year against Rs. 12,476 in 168 loans in the previous year. Rupees 11,283 in the shape of 179 loans were outstanding against members at end of the year as against Rs. 4,707 in the shape of 94 loans at the end of the previous year.

3. The society earned a net profit of Rs. 603-13-11 during the year. One-fourth of this or Rs 150-13-8 should, under by-law 36, be carried to the credit of the Reserve fund. Deducting from this, Rs 2-4-3, the amount of interest already credited to reserve by adjustment, the Bank is requested to remit Rs. 148-9-5 to the Madras Central Urban Bank, Limited, for being invested therein.

4 The Bank has done good work during the year and the Registrar wishes to place on record his appreciation of the services rendered by the Managing Committee and especially by the Secretary M.R Ry. B. Parmah Pasulu Garu to the Bank.

## MADRAS CITY CO-OPERATIVE BANK, LIMITED, No. 900

AUDIT ORDER BY THE Hon'ble Diwan Bahadur L. D. SWAMIKANNU PILLAI AVARGAL, M.A., B.L., M.L.C., REGISTRAR OF CO-OPERATIVE SOCIETIES, CHEPAUK, MADRAS.

The accounts of the Madras City Co-operative Bank, Limited, No. 900, for the co-operative year ending 30th June 1915, as audited by the Special Deputy Collector, M.R.Ry. C. N. Subrahmanya Ayyar Avargal are passed. Statements showing (1) Receipts and Disbursements, (2) Profit and loss, and (3) Assets and Liabilities, as they stood on 30th June 1915, are appended to this order.

2. The transactions under review relate to the fourth year of the Bank's operations. The business showed a general decrease of growth as compared with the previous year. The increase in the number of members and the paid up share capital was only 20 and Rs. 2,221 respectively against 68 and Rs. 3,710 in the preceding year. There was a marked reduction in fixed deposits of members (bearing interest at 6 per cent. per annum), the amount having fallen from 38,050 at the beginning of the year to Rs. 16,800 at its end. This decrease of Rs. 22,250 was however partly counterbalanced by a sum of Rs. 10,000 under the new name of "Short term deposits" at a higher rate of interest than is permissible under by-law 21. The fixed deposits from non-members fell from Rs. 43,350 at the beginning of the year to Rs. 30,225 at its end. The recurring deposits also decreased from Rs. 7,159 to Rs. 5,027. This large diminution under deposits probably accounts for the fall in the aggregate amount of loans to members from Rs. 70,413 in 1913–1914 to Rs. 35,022 in 1914–1915. There is a tendency to grant more loans on the pledge of jewels as the following figures will show: A sum of Rs 5,145 was disbursed to members in the shape of 71 loans on movables against Rs. 3,572 in the shape of 28 such loans in 1913–14. The Bank is advised to restrict loans of this kind in view of the trouble and expense of safeguarding the jewels pledged.

3. The Bank earned a net profit of Rs. 4,051-5-4 in the year under review which should, under by-law 62, be divided as follows:—

one-fourth or Rs 1,012-13-6 to Reserve fund,
one-eighth or Rs 506-6-6 to the Directors as honoraria, and
the remainder Rs 2,532-1-4 to share-holders as dividend at a rate not exceeding 9 per cent and to divided equalisation fund or Office building fund.

4. Deducting Rs. 73-4-7, the amount of interest for the year 1914–15, already credited to Reserve Fund account, the Bank is requested to remit Rs 939-6-9 to the Madras Central Urban Bank, Limited, for investment there. With this sum the total reserve of the Bank will be Rs. 2,790-14-4.

5. A copy of the Special Deputy Collector's report is communicated to the Bank for information and guidance. In regard to the points noticed by the Deputy Collector, the Bank is requested to explain where necessary, why it was necessary to deviate from the by-laws. The society's business is reported, on the whole, to be conducted on sound lines.
